DIGITUS PowerLine High Speed Network Switch
Network Bridge 500Mbps, 4x RJ45 HomePlug AV

Powerline Switch with integrated 4-Port Gigabit Network Switch

High Speed 500Mbps Powerline adapter with integrated 4 port Gigabit switch. Use with the 2 in 1 solution the benefits of the data transfer over your power supply system with up to 4 wired network devices. You need only one Powerline Adapter to connect several devices with your powerline network. For example you can integrate your networkable television device over powerline and on the same time your game console, DVD player and Mediaplayer. You need only one power socket and don´t need an additional switch.

- Data transmission rates of up to 500Mbps over the building´s own power network
- Powerline Switch with integrated 4-Port Gigabit Network Switch
- Adapter with network connection (RJ-45) for shared Internet access via DSL modem over the existing indoor power network
- Range of up to 300 meters across rooms and floors
- Bug proof security through integrated encryption process
- Compliant to the HomePlug AV standard
- Can co-exist with HomePlug 1.0 (14/85Mbps)
- Also suitable for game consoles and set-top boxes for IP-TV
- Operating system independent, supports e.g. Windows, Mac OS, Linux and Sun
